## MY SKILLS & EXPERTISE

PHP

Bootstrap

AJAX

HTML

CSS

## PROJECTS

**Billing Software System,**  
April 2023

- **Technology Used:** PHP,MYSQL,AJAX,HTML5,CSS,BOOTSTRAP
- Can create users for workers, then the admin can monitor each worker. Admins can know each worker's sales chart. It is both billing and sales monitoring software.

**Bizvoice Technologies Solutions Private Limited,**  
July 2023 [Project Link](#)

- **Technology Used:** PHP,MYSQL,AJAX
- In this project, my contribution is to change an unresponsive site to a responsive one and also develop the code for applying for jobs and getting payment details. These details are also shown in the admin panel, where the admin can make a decision to recruit the workers.
